

AS LONG AS WE'RE TOGETHER

(T: H. Stahn)

I had a girl,
She broke my heart.
There was no way out
We were torn apart,
And I thought I'd never fall in love again.

I was lost in love,
I was a fool.
He played his game,
I was his tool,
And I swore I'd never trust a boy again.

But the day that I met you,
All my troubles faded away.
And the sorrow in my heart
Was a part of yesterday.
I feel it in my heart, I'm so in love with you.
Those lonely days are gone,
I swear

As long as we're together,
As long as you're by my side,
As long as we're together
Everything's alright.
My love will never die.
As long as we're together,
Forever you and I...

Those lonely days have passed me by.

I trust in you, no reason to cry.

Love comes and goes,
But love will never die.

And the day that I met you,
All my troubles faded away.
And the sorrow in my heart
Was a part of yesterday.
I feel it in my heart, I'm so in love with you.
Those lonely days are gone,
I swear

As long as we're together,
As long as you're by my side,
As long as we're together
Everything's alright.
My love will never die.
As long as we're together,
Forever you and I...

The sorrow in my heart
Was a part of yesterday.
Those lonely days are gone,
I swear:
Forever...

As long as we're together,
As long as you're by my side,
As long as we're together
Everything's alright.
My love will never die.
As long as we're together,
Forever you and I...
Forever you and I...
Forever you and I...

Forever you and I...
