

## WHY

(T: H. Stahn)

Dear father, you have always been my guiding star,  
And I thought you'd shine forever  
To show me what's right whenever I got lost on my way  
Through the darkness.

But now the angels have taken you away from me  
And suddenly my life's got out of tune.  
If only I could hold you now, if only I could see you one more time,  
Just one last time...

There're so many words unspoken, so many things undone.  
You always had an answer but now you're gone.

And I don't know why,  
I don't know why,  
I don't know why...

We knew that the time would come for us to say  
Goodbye forever.  
But we didn't know that the time would come so soon,  
Life is much too short.

There're so many words unspoken, so many things undone.  
You always had an answer but now you're gone.

And still I don't know why,  
I don't know why,  
I don't know why...

Now my life has changed, it will never be the same again,  
I hope you've found a better place without any pain.  
And when I think of you I look into the sky,  
And there I find my guiding star again but still I don't know

### Why

I don't know why,  
I don't know why,  
I don't know why,  
I don't know why,

I don't know **why**...
